**Family Promise Of Cheyenne**

Family Promise of Cheyenne assists homeless families with minor children. They are the sole Family Only shelter in Laramie County and has partnered with local faith communities to provide shelter since 2001. Families living in their cars, in a trailer without heat and running water or in a motel on a night-by night basis are who they help. In addition to numerous faith-based communities they also partner with Peak Wellness Center, Climb Wyoming, the Laramie County School Districts, and many other organizations and individuals in the community in order to serve families with children in need.
